Incentives
Visit thestreettrust.org/walkroll for more information
Dear Walk+Roll May Challenge Coordinator,

Thank you so much for organizing the Walk+Roll Challenge at your school! In this packet, you will find many resources to help you start planning and organizing a successful event. For even more information and inspiration, including how to get incentives for your school, visit thestreettrust.org/walkroll.

Your role as organizer is to:
- Communicate with students and families about this event, so they might choose active transportation modes like walking, biking, scooting, skating, etc. during the month of May.
- Organize fun events to encourage students to walk and roll to school! Order free incentives to give out to participants.
- Take photos and write down any fun stories or quotes from your events to share with us and parents!
- Optional: track how students travel to and from school during all or part of May.
- Join our Walk+Roll Facebook group (https://www.facebook.com/groups/159411418166796/) to hear all the latest updates and celebrate your success with other Walk+Roll coordinators from around the state!

Report back: Enter our raffle! Submit tracking information, pictures, and/or stories from your events to enter our raffle for fun prizes for your students. Please submit all information by Monday, June 3 at 5:00 p.m. to qualify for the raffle. Please note that tracking is entirely optional and that we will not be announcing winners based on the number of trips, but instead solely based on chance via the raffle. Survey for raffle entry: https://goo.gl/forms/oZ0JTkcr5ToCEv5T2

Winning schools of the raffle will be announced and celebrated in June!

Thank you again for your commitment to empowering youth to get moving and active! We would like to invite you to join our movement by becoming a sustaining member of The Street Trust. For $5, $10 or $25 per month, you can support year-round advocacy for healthy and thriving communities where it is safe and easy for people to bike, walk, and take public transit. You can find out more about membership benefits at thestreettrust.org/join. Please feel free to reach out to our Membership Manager at miles@thestreettrust.org for any additional questions.

Please email or call with any questions. Have a great month!

Step 1: Pick a tracking method
Tracking is easy!

As a Walk+Roll Challenge Coordinator, you may choose to track trips for your school’s event. This task can take as much or as little time as you can give it. Don’t panic! It’s going to be easy. We have included a few ideas for quick tallying and sample letters that you can send to parents, teachers, and school office staff that will help get everyone involved!

Trip tracking strategies we’ve heard from other amazing coordinators:

• **Individual Student Walk+Roll Scorecard:** Students track trips on individual scorecards. (Good for families to track together at home).
  - Update “Letter to Parents” with your information.
  - Pass out Scorecards and Parent Letters to all students, or setup a table and pass out to interested students.
  - Collect Scorecards weekly, or at the end of the month, to collect results.
  - Submit results by Monday, June 3rd at thestreettrust.org/walkroll.

• **Classroom Weekly Scorecard:** Students show their mode of transportation each day and track progress as a class. (Good for encouraging friendly competition between classrooms).
  - Update “Letter to Teachers” with your information
  - Pass out Weekly Tally Poster and Teacher Letter at a staff meeting or before or after school.
  - Collect Tally Posters weekly and pass out a new copy.
  - Submit results by Monday, June 3rd at thestreettrust.org/walkroll.

• **Whole School Tallying:** You will have to create this, but we have a couple ideas that we think will help make tracking super easy! (Good for a busy organizer who doesn’t have a lot of time for tracking).
  - **Whole School Tracking Scorecard**
    - Update “Letter to Office Staff” with your information.
    - Determine how many students you think will use active transportation in May.
    - Create a tracking poster ([see sample photo](#)) based on your estimate/goal.
- With office staff, determine a good place to hang the poster.
- Hang poster and check on it once a week.
- Submit results by Monday, June 3rd at thestreettrust.org/walkroll.

Whole School Tracking “Beans in a Jar”
- Put a big jar or bucket in the office.
- Supply the office with a big bag of beans of your choice.
- Weigh the empty jar. Weigh 10 beans.
- As students walk, bike or roll they put a bean in the jar.
- At the end of the month, weigh the whole jar and determine how many beans are in it.
- Submit results by Monday, June 3rd at thestreettrust.org/walkroll.

| REQUIRED for entry into the raffle: Submit your final Challenge results by June 3rd |

We cannot emphasize how helpful it is to submit your students’ active transportation trips. Your report helps us assess the program and track students’ walking and biking rates statewide. Submitting your trips also helps us fundraise to create more Safe Routes to School programs and resources (so that we can get an A+ too!).

Final Challenge results must be received by June 3rd to be eligible for raffle awards.
The Walk+Roll May Challenge is a month-long, friendly event that can be enhanced by highlighted events. Kick off the Challenge with an all-school Walk+Roll day, or plan a special event with elected officials for National Bike to School Day on Wednesday, May 8th. Use suggested steps below to help you organize a great event. At some schools, Walk+Roll events look like parades of families walking, biking and rolling, converging at the school at drop-off time. The effect is overwhelming. These events typically start small and grow with weekly or monthly repetition.

Simplify your Walk+Roll Challenge!
1. Visit thestreettrust.org/walkroll to get information about ordering incentives.
2. Put up a few Walk+Roll Challenge posters (thestreettrust.org/walkroll), in the halls and in the office at school.
3. Get to school a little early on May 1st, and implement your tracking option. Set up a table outside the front door, and pass out incentives to the kids you see walking, biking and rolling.
4. Repeat Step 3 weekly (if you can) and track participation.
5. Submit your results by June 3rd at thestreettrust.org/walkroll, and take yourself out to happy hour the next chance you get! You deserve it.

Want to take it to the next level? Great!
1. See above
2. See above
3. Attend a staff or PTA meeting to recruit adults to help lead walking school buses on May 1st to kick off the Challenge. Pick a couple meeting spots within a quarter-mile or so from the school.
4. Promote the meeting places to families; let them know that they can park near one of the meeting places and walk with their kids into school.
5. Set up a table out on front of the School on May 1st, get some coffee donated for tired parents, implement your tracking option (scorecard? Whole School Tracking Poster?), and pass out incentives to the kids who walk, bike and roll!
6. Repeat step 4 and 5 weekly (if you can) and track participation.
7. Submit your results by June 3rd at thestreettrust.org/walkroll. Treat yourself to a massage! You deserve it.

Ready for the pinnacle? You are the Tina Fey of walking and bicycling.
1. Steps 1-4: See above. In addition, have students create their own Walk+Roll Challenge posters and post them all over the school.
5. Contact the school board and local officials. Invite them to your event.
6. Send out a press release!
7. Talk to the PTA about creating a “sustainability” chairperson who will work year-round to promote an active, healthy and sustainable school culture.
8. Visit the Oregon Safe Routes to School website (oregonsaferoutes.org/) for more information.
about taking the next steps towards a Safe Routes to School Action Plan.

9. Set up a table out on front of the School on May 1st, get some coffee donated for tired parents, implement your tracking option (scorecard? Whole School Tracking Poster?), and pass out incentives to the kids who walk, bike and roll!

10. Repeat step 9 weekly (if you can) and track participation. In addition to the incentives provided, contact local shops and get prizes kids love! You can do a weekly drawing.

11. Submit your results by June 3rd at thestreettrust.org/walkroll.

Extra Credit:
- Attend or host a parent coffee to talk about walking and biking to school.
- Use the morning announcements to announce current walking, biking and rolling tallies. You can even mention which class is walking and rolling most often.
- Organize a helmet giveaway! Dig around, and see if any hospitals or police departments in your area have helmets for a giveaway.
- Think outside the box for incentives. Lunch with the principal or a favorite teacher can be a great incentive!
- Put up Walk+Roll Challenge posters around the school, and pass them out to teachers and classrooms for better promotion.
- Bike Trains and Walking School Buses: Organize a group of parent volunteers to set up a meeting point and time for a “walking school bus” (usually ¼ to 1 mile away from the school). The walking school bus provides exercise and social time for students before school. Students arrive at school wide-awake and ready to learn! A bike train is a similar idea but with bikes! Both are an excellent way to get your students excited about Walk+Roll Challenge and walking and biking to school.

Ideas for incentives and informational materials:
- Free informational materials and posters from ODOT (Oregon Department of Transportation) can be found at http://www.oregon.gov/ODOT/Programs/Pages/SRTS.aspx
- Contact local businesses for donations of prizes like gift certificates, or prizes with higher value (bike, helmet, lock, waterproof school bag, jackets, scooter, skateboard, sporting equipment, free registration for an active summer camp, etc.).
- Offer to promote the business in flyers and announcements, maybe even have students make an “I support the Walk+Roll Challenge” flyer to put in their front window. Have a weekly drawing or at the end of the event to distribute larger prizes.
Step 3: Plan Your Event

1. Get Organized: Get an endorsement from the school principal to organize walking school buses and/or bike trains. Determine four or five low-traffic, safe walking and biking routes with meeting places within a mile of the school. Churches, parks and libraries are often good meeting places, because there is usually parking available, but a street corner will work just fine.

2. Recruit Volunteers: Check with the PTA, neighborhood association, student leadership groups (such as safety patrol), and school staff. You will need volunteers to lead families to school along the pre-determined routes, greet students when they arrive at school, pass out incentives (if applicable), and help students record trips on their Walk+Roll Challenge scorecard.

How to recruit volunteers:
- Teachers, administrators, neighborhood groups, parent volunteers, PTA, safety patrol, student leadership groups, entire classes of students (5th-8th grade recommended) all make fantastic volunteers.
- Invite individuals to help by sharing your vision.
- Work with teachers to offer students extra credit.
- Get on the agenda at a staff meeting, PTA (PTV) meeting, and/or neighborhood association meeting. Partner with neighborhood groups who have a shared goal.
- Organize and promote a volunteer appreciation party after the event.

3. Get the Word Out: Include Walk+Roll May Challenge information in your school newsletter; post route maps, meeting times and places around the school. Send a flyer home in backpack mail. In all materials, include the date and meeting times and places. Suggest that families can walk or bike to the meeting place, or if they drive, they can park near the meeting place and join the group walking to school. Send your message out to the media, public officials, and local businesses. Partnering with these folks is good for you and good for them.

4. Plan For Safety: Prior to the event, provide basic pedestrian and bike safety information to adults and students who are participating, especially volunteers leading walks and rides. Contact your local police department to let them know about your event(s), and if available, ask for extra patrol that day.

5. Encourage Good Health: If food is part of any encouragement events, be sure to
provide healthy choices like fresh fruit for a quick, healthy energy boost before or after the walk or bike trip. Avoid empty calorie treats like donuts, pastries or cookies. Ask local food markets to provide healthy snacks.
WALK + ROLL

May Challenge Month
begins MAY 1 2019

TheStreetTrust.org/WalkRoll
WALK + ROLL
May Challenge Month

Our school coordinator is:

TheStreetTrust.org/WalkRoll
Dear Parents,

Thanks so much for helping with the Walk+Roll Challenge this year! This year’s event starts on May _________ and ends on May ______________. Our goal is to encourage as many students as possible to increase their physical activity in May by using active transportation modes like walking, biking, scooting, skating, etc. Here’s how you can help!

Attached is a scorecard for you and your child to fill out each day that you use active transportation when getting to school! The scorecard is intended for your child to color the front page and then hang on the refrigerator to keep track of it. Your child will track daily how they get to school by circling the corresponding mode.

Save the scorecard and turn it in to _____________________ on ___________________________.

Your job is to consider using active transportation one or 20 times this month, help your child fill in the scorecard, and give a few encouraging words every now and then!

Resources and tips:
• See The Street Trust’s website for tips on how to use active transportation for fun, health and safety: thestreettrust.org/parents-teachers/
• Lost your scorecard? No problem! Download another at thestreettrust.org/walkroll
• Can’t walk or bike to school, but you can walk or bike other places? Count it!

You can call or email me if you have any questions. My contact information is:

____________________________________________________________

Thanks again for helping encourage healthy habits in our school community! We couldn’t do it with out you.

Sincerely,

Walk+Roll Coordinator
Dear Teachers,

Thanks so much for helping with the Walk+Roll May Challenge this year! This year’s Challenge starts on May ___________ and ends on May ______________. Our goal is to encourage as many students as possible to increase their physical activity in May, by choosing active transportation modes like walking, biking, scooting, skating, etc. Here’s how you can help!

I will pass out classroom tracking posters, so that students can track the days that they arrive to school using active transportation (walk, bike, skate, scoot, etc.).

Students will track, daily, how they get to school by circling the corresponding mode.

Your only job is to facilitate or delegate this process, and maybe give a few encouraging words every now and then! Please have a student add up the total of active trips at the bottoms of the tracking poster weekly.

Each week, on _______________________ at    __________, I will come and collect the tracking sheets and give you a new one.

Resources:
• Tips on how to use active transportation for fun, health and safety! thestreettrust.org/parents-teachers/
• Lost your classroom scorecard? No problem! Download another at thestreettrust.org/walkroll
• Students can’t walk or bike to school, but can walk or bike other places? Count it!

Please call or email me if there are any problems. My contact information is:

____________________________________________________________

Thanks again for helping encourage healthy habits in our school community! We couldn’t do it with out you.

Sincerely,

Walk+Roll Coordinator
Dear Office Staff,

Thanks so much for helping with the Walk+Roll Challenge this year! The event starts on May ________ and ends on May ______________. Our goal is to encourage as many students as possible to increase their physical activity in May by choosing active transportation modes like walking, biking, scooting, skating, etc. Here’s how you can help!

I am going to hang a poster and a marker in an area close to the office so that students can count the days that they get to school using active transportation (walk, bike, skate, scoot, etc.).

Each student who participates will color in a square on the poster each day that they get to school actively this month. Your only job is to watch and maybe give a few encouraging words every now and then!

At points throughout the month, I will come and check on the poster, or replace it with another if it fills up.

Resources and tips:
• See The Street Trust’s website for tips on how to use active transportation for fun, health and safety! thestreettrust.org/parents-teachers/
• Students can’t walk or bike to school, but can walk or bike other places? Count it!

You can call or email me if there are any problems. My contact information is:

__________________________________________________________________________________

Thanks again for helping encourage healthy habits for our school community! We couldn’t do it without you.

Sincerely,

Walk+Roll Coordinator
How did you get to school each day this month?

Every day you go to school in May, circle the way you got there: walk, ride, or roll.

At the end of the month, count up how many of each you circled and write at the bottom of your scorecard.

Once you added up your total, tell us about your favorite part of walking, riding, or rolling to school and be sure to turn in your scorecard to:

Fill in contact information for your school’s Walk-Bike Coordinator in the box above.

What was your favorite part of walking or biking to school this month?

________________________________________________________________________

________________________________________________________________________

Save this Scorecard to turn in at the end of the month!

Add them up! How many days did you walk, ride, or roll?

Wednesday, May 8th is National Bike to School Day!

Invite your local elected officials to an event at your school; show the importance of safe, healthy routes to school in your community!

Safe walking and biking advocates have been working hard to preserve national funding for Safe Routes to School programs, but it is likely that the next Federal Transportation bill will still mark a substantial reduction in funding for Safe Routes.

It is more important than ever that state and local leaders know Oregon families want their communities to prioritize investments that support the safety of children and families.

Celebrate National Bike to School Day by inviting your state legislators, mayor, or city council members to join a bike train, walking school bus, or Walk+Roll assembly at your school, so they can see first-hand how investing in safe walking and bicycling benefits your community!

See the other materials in this packet for tips on organizing a successful event.
4 Simple Media Messages

Use these messages to concisely answer questions like “Why is the Walk+Roll May Challenge important?” and “Why is your school participating?”

1. To enhance the health of families.

Walking, bicycling, skating, scooting, and rolling to and from school are excellent ways to add physical activity into your daily routine. Kids need at least sixty minutes of physical activity every day to keep them healthy – and many kids in Oregon just don’t get enough! Walking and rolling to school can help kids improve their strength and endurance, decrease anxiety and stress, and maintain a healthy weight. Positive experiences gained through walking and rolling to school will pave the way for being physically active throughout life.

2. To improve the health of the community.

Walking and rolling to school reduces traffic pollution and congestion and improves air quality. It can also encourage parents to walk and roll to school with their kids.

3. To create permanent, safe walking and biking routes.

Well-maintained routes designed for walking and bicycling calm traffic and reduce collisions. Walking and rolling to school helps create driver awareness in school zones, which increases safety for all.

4. To improve neighborhood livability for everyone.

Studies show that more people walking and rolling in a neighborhood makes people feel better about their neighborhood. It helps make public streets lively and friendly, encourages community interaction, and attracts people to commercial and recreational areas.
Sample Walk+Roll May Challenge Messages

The following sample messages can be used to get the word out and about for your Walk+Roll May Challenge event(s). They can be adapted for posting on websites and social media, in newsletters, school announcements or assemblies.

Remember that you can celebrate in whatever way works best for your school. Common celebrations are done all month, during one day per week (such as a Walking Wednesdays), or for one whole week during the month. National Bike to School Day is Wednesday, May 8, so many schools also choose that day for bigger festivities!

May Celebrates the Walk+Roll Challenge

May is the Walk+Roll Challenge. It's the perfect opportunity for parents and kids to get outside together and stretch those legs! Walk, bike, skate, scoot, and roll to and from school to improve physical and mental health, create a healthier environment, safer streets, make friends and have fun! Walking and rolling are great forms of exercise and help kids get the 60 minutes of daily physical activity they need. They’re also great ways to stay active with summer on its way.

For Walk+Roll May Challenge event resources, visit www.thestreettrust.org/walkroll. Schools that celebrate the Walk+Roll May Challenge can register their event online, download posters to publicize their event, and order free incentives to give to students.

May is the Walk+Roll Challenge Month!

Keep active this spring and join schools across Oregon to celebrate the Walk+Roll May Challenge. Walking, biking, skating, scooting, and rolling to school is exhilarating and fun - give it a try this May! Here are some ideas:

• If you can walk or roll safely to school, leave the car at home and travel to school by walking and rolling with your friends.
• If you live too far to walk or roll the whole way, try getting dropped off at a friend’s house or a few blocks away from the school so you can walk the last leg.
• If you take the school bus, have a walk in the school yard or do a few laps around the track at break time so you can get active too!
Sample Newsletter Template - Before May

We are excited to announce that <<Name of School>> will be taking part in the Walk+Roll May Challenge <<all month long, from date - date, specific date, etc.>>!

Walking, biking, skating, scooting, and rolling to school have many potential benefits, including benefits for your child’s health and well-being (like opportunities to learn and socialize on the way to school, and arriving to school alert and ready to learn), our community (reduced traffic congestion around the school) and the environment, too.

<<Describe the event. Are there any big celebration days? On those days will there be music, hot chocolate, incentives? Coffee inside for the parents and a chance to meet other parents?>>

Walk and roll with your child to school <<date(s)>> to join in the celebration! If you’re on your way somewhere else and plan on driving to your next destination, consider walking and taking transit (see Google maps for available transit routes to/from your destination: https://www.google.com/maps), or park/drop your child off a block or two away from the school to walk the rest of the way in. If you’re not able to join, encourage your child to walk or roll with a friend.

__________________________________________________________

Newsletter Template - Week of Bigger Celebration Day

Come join us this <<date>> as our school participates in the Walk+Roll May Challenge, celebrating keeping active and getting ready for a fun summer.

<<Describe the event. Will there be music, hot chocolate, incentives? Coffee inside for the parents and a chance to meet other parents?>>

Walk or roll with your child to school this day to be part of the fun. If you’re on your way somewhere else and plan on driving to your next destination, consider walking and taking transit (see Google maps for available transit routes to/from your destination: https://www.google.com/maps), or park/drop your child off a block or two away from the school to walk the rest of the way in. If you’re not able to join, encourage your child to walk or roll with a friend.

__________________________________________________________

Newsletter Template - First week of June

Thanks to everyone who joined us last month for the Walk+Roll May Challenge at <<Name of School>>. Our school took part in a celebration of walking and rolling to school to get ready for a fun and active summer!

{Include pictures from Walk+Roll event}

Thank you to all the students, staff, volunteers and parents at our school who helped us increase awareness and enthusiasm for walking and rolling to school. Let’s keep it up! Get some fresh air and sunshine as you take part in a healthy active lifestyle with your child, every day.
WHAT TO DO AFTER THE WALK+ROLL MAY CHALLENGE

Here are some suggestions on how to maintain your forward momentum and keep families excited about active transportation! Additional ideas can be found at thestreettrust.org/walkroll/.

Get Recognized! Sign up for the Safe Routes to School Recognition Program and receive a banner for your school with matching decals indicating your school’s commitment to Safe Routes to School. By participating in a Walk+Roll event, your school has already reached the bronze level. Reach for platinum level! oregonsaferoutes.org/get-recognized/

Sign up for International Walk+Roll to School Day! This one-day event on the first Wednesday in October (October 2, 2019) will seem like a cake walk after all your work on the Walk+Roll Challenge. More information at thestreettrust.org/walkroll.

Encourage Active Curricula at Your School or District. There are many curricula available that cover state standards and encourage students to be healthy. Examples and more information at thestreettrust.org/initiatives/safe-routes-school.

Start or Attend a Parent Coffee to help facilitate communication and community. Talk about growing your community by adding walking and biking to school in family groups.

The Golden Sneaker Award (saferoutestoschools.org/SR2Simages/GoldenSneaker-Guide-2010.pdf) is a program that recognizes classes for using active transportation. Each class tracks the number of trips or miles walked or biked to school (or anywhere). At the end of the month at an awards assembly, the class with the most miles or trips wins and is awarded the Golden Sneaker Award (you can make one with an old sneaker, gold spray paint, a small piece of wood, and a glue gun). Older classes can use the data collection in other areas of class to make hypotheses, charts, graphs, or to calculate the carbon offset.

For more information on Safe Routes to School:
Oregon Safe Routes to School: http://www.oregonsaferoutes.org/
Safe Routes to School National Partnership: http://www.saferoutesinfo.org/
